## Description of Fees:

**Boarding Student Tuition** includes tuition, room, and board. Day student tuition includes lunches.

**Student Accounts** are initially funded at \$4,000 for boarding students and \$3,000 for day students in addition to tuition stated above. The student account covers the Squaw Valley USA ski pass, two weeklong Outdoor Education Trips, local transportation, drug testing, class-related trips, weekend activities, laboratory fees, technology fees, and other minor school-related activities. Student Account statements are mailed quarterly to parents. Parents order uniforms and books separately.

**Boarding Student Damage Deposit** of \$525 is a separate account that the parents provide. This account covers anything beyond normal wear-and-tear of school property.

## Common Fees charged to Student Account:

Squaw Valley USA Season Pass; \$1,100

Weeklong Outdoor Education Trips: \$450-\$800 depending on destination

Weekend Activities: \$15 for a movie trip and \$150 for a one-day trip to a theme park

Drug Testing: \$15 in-house, \$50 to off-site lab

Classroom Lab Fees: from \$50 to \$100; AP classes can be higher

Transportation: from \$30 for a doctor in-town to \$100 to the Reno Tahoe International Airport

Sports: \$150 soccer uniform, equipment rentals, kayaks, climbing gear, snowshoes, extra ski lessons, etc.

College Applications: normally \$50-55 each application

Purchase of major sports equipment normally is handled by the family, but, upon request, the school will assist the student with the purchase and bill the student account or family credit card.

Personal travel to and from school and home is arranged and paid for by the family.

Many parents provide their child with a limited debit card for personal expenditures.

Squaw Valley Academy does not cash checks nor advance money from the Student Account for personal needs.

All above fees are estimates and may vary.
